

Adaptil[®] dogs are confident dogs

Help every dog handle challenging situations

Adaptil Spray[®] now available through your wholesaler

Convenient on-the-go treatment

Adaptil Spray[®]

Unfamiliar situations can be very stressful for a dog. This is where Adaptil® can help. Adaptil® is a synthetic analogue of Dog Appeasing Pheromone (D.A.P) which may help increase confidence and composure by reducing signs of anxiety.

Adaptil Spray® is most useful when:

- Travelling in the car¹
- Adjusting to a new environment
- Visiting the vet both short and long-term
- Visitors come to the home

By recommending Adaptil Spray® to dog owners, you'll be helping dogs stay relaxed and at ease in any challenging situation they may find themselves in.

It's never been easier to order Adaptil®, just send this order form to your wholesaler today.
