THE AFFORDABLE SUPER PREMIUM FOOD

THE AFFORDABLE SUPER PREMIUM FOOD

## BLACK HAWK PET FOOD IS ALL ABOUT GOOD HEALTH AND WELLBEING FOR YOUR PET

We have a range of food to suit most dietary requirements and life stages. We have our Original Recipe range, Grain Free range and a Special Recipe range that caters for large and giant breeds.

Since joining the Masterpet Australia family in November 2014 our focus has remained on consistency, quality and affordability. At Masterpet, we are all devoted pet owners and understand how important your pet's health and wellbeing is. For this reason we strive to ensure our food remains the same high quality you have always known, and we continue to manufacture our food here in Australia in the same plant in New South Wales ever since our journey began. We are proud to remain Australian made and part of the Masterpet Australia group.

### HOLISTIC DIETS PROVIDE NUTRIENTS FOR OVERALL HEALTH

There are many different thoughts about the meaning of holistic foods. We believe holistic foods have a multitude of health benefits from the inside out. We use healthy, natural ingredients that have a purpose, incorporating functional ingredients from whole foods which have an individual or associated benefit for optimal health and wellbeing.

Feeding a premium holistic diet means your pet's health may benefit in a number of ways or simply maintain good health.

### EMU OIL IS NATURALLY HIGH IN OMEGA 3, 6 AND 9

Emu Oil is a natural food product obtained from the body fat of the Emu. Over the centuries Emu Oil has been used for its natural healing properties and was thought to have various anti-inflammatory and anti-fungal properties as well.

Emu Oil today is widely understood to offer a complete source of essential fatty acids such as Omega 3, 6 and 9.

MADE WITH  
EMU OIL.

# WE'RE AUSTRALIAN

## THE BLACK HAWK STORY

The original recipe for Black Hawk pet food was developed by a passionate pet owner who wanted to give the best quality nutrition to her best friend. That was over 10 years ago, and today we continue to put the same amount of care, expertise and high quality ingredients into every pack of Black Hawk.

Since then, Black Hawk has gone from strength to strength to become what it is today; the preferred choice of passionate pet owners in Australia and beyond. Black Hawk remains an affordable, super premium pet food – a food that maintains high standards of quality and consistency.

For many years we exported under private label to various countries to satisfy an ever growing need for Australian made, super premium foods. In 2007 the market demand at home had grown, and Black Hawk, the brand, was created to successfully fill a niche within the Australian marketplace.

The first to embrace Black Hawk were breeders; an audience renowned for a keen awareness of their animals' health and wellbeing. This success was soon followed with a move into the retail sector, where our focus on expertise and care was embraced by a wider audience of pet owners.

Black Hawk and the people who first built it remain committed to giving the pets of Australia everything they need, and nothing they don't through its original recipes.

Puppies come in all shapes and sizes with different growth needs and energy levels. Black Hawk knows how important it is to start them on a complete and balanced diet, ensuring they get all the necessary nutrients, vitamins and minerals for their important growth years. All our recipes are complete and balanced and follow the AAFCO standards for the growth and maintenance of puppies.

## PUPPY LAMB & RICE – ORIGINAL RECIPE RANGE

A complete and balanced meal formulated to support puppies through their growth phase. With lamb as a quality and easily digested source of protein with the correct balance of vitamins, minerals and omega oils, this meal provides all of the nutrients needed for growing bodies and minds.

- ▶ **Lamb Meal** – high in Iron, Zinc and B Vitamins
- ▶ **Omega 3 and 6** – for brain development and learning
- ▶ **Dried Kelp** – may assist with bone growth and repair

Suitable for small to medium/large puppies.

Available in 3kg, 10kg and 20kg bags. All sizes may not be available in all stores.
