New Products

FelineGuard 3

Manufacturer: Zoetis

A new modified live F3 vaccine for cats. FelineGuard 3 is the only vaccine that can be used in both annual and less frequent vaccination protocols thanks to the 3 year DOI on feline panleukopenia (FPV).

This flexibility allows you to:

Tailor vaccination to individual patients or simply adopt FelineGuard3 into your standard protocol.

Medetate and Antipam

Manufacturer: Jurox

Active Ingredient:

Medetate: 1mg/ml medetomidine hydrochloride

Antipam: 5mg/ml atipamezole

Medetate provides reliable and reversible sedation and analgesia, and exhibits synergy with opioids. When used as a premedicant, will result in significant anaesthetic drug-sparing effects.

Antipam is for rapid and reliable reversal of Medetate sedation in dogs and cats.
