PRO3000i

	<p>Power</p>	<ul style="list-style-type: none">• Heavy Duty Cordless animal clipper• Designed for ALL day continuous clipping from small to large animals• Lightweight with ergonomic design.
	<p>Speed</p>	<ul style="list-style-type: none">• Single speed rotary motor• 3,000 SPM
	<p>Li-Ion</p>	<ul style="list-style-type: none">• Li-Ion Battery provides continuous power and holds a longer charge• Runs up to 2 hours on a single charge

Features

PRO3000i

→ Compatible with all Oster™ A5™ detachable blades

→ Powerful single speed heavy duty rotary motor (3,000 SPM)

→ Lightweight Ergonomic design for single handed operation
(Li-Ion Battery is half the weight of Nicad & NiMH batteries)

→ Easy to use on/off button

→ Detachable battery system for extended run times

The Oster Pro3000i is a powerful rechargeable clipper designed for heavy-duty continuous use. The clipper features a high-speed quiet rotary motor. It's lightweight with an ergonomic design and also features a lithium-ion battery, which provides two hours clipping time from a single charge.

Key Features:

- Designed for all day, heavy duty use.
- Powerful, single rotary motor.
- This high performance quiet running motor generates 3,000 strokes per minute.
- Power and balance yet only a low weight ergonomic design.
- The Pro3000i is ideal for full and detailed clipping, and is compatible with all A5 detachable blades

Lithium Ion Technology:

- Up to 2 hrs operation with a single charge
- Minimum charging loss and efficient current transfer
- No “memory effect” allowing it to be charged at any time.
- Reduces the number of charges required and losses during operating intervals
